Water safe

State Health Department officials have lifted the "boil water" notice for people in Pass Christian today.

Ten days ago, Johnson Utilities, which provides drinking water to the upscale subdivision in the westernmost part of Harrison County, posted signs advising customers to boil their drinking water because of fears of contamination after the distribution system lost water pressure.

Health officials now say multiple tests show that the water is safe to drink.

Crew praised

Diamondhead Fire Chief Dennis Westbrook praised his crew Wednesday for quickly extinguishing a fire in the attic of a home in Diamondhead.

Westbrook said lightning apparently struck the roof, causing a fire in the attic of a home at 88473 Diamondhead Drive East during a thunderstorm that rolled through the area around 3:40 p.m. Tuesday. The owner of the home, Wayne Sandel, was talking on his cell phone when the lightning struck but was unharmed.

Westbrook said 10 firemen and two fire trucks answered the call and scaled the roof where they inserted a piercing nozzle through the roof.

"This acts like a sprinkler system, and douses the fire," he explained.

The blaze took about 45 minutes to fight, and the fire was under control about 5 p.m., said Westbrook. The extent of the damage to the residence was not immediately determined.

Ceremony set

The Girl's Bay St. Louis Little League will hold its awards ceremony Sunday, Aug. 16, 1 p.m., at the Hancock County Civic Center.

All players and coaches are invited. For information, call Wade at 467-6010.

Gulfview cleanup

Emergency services crews from the state Department of Environmental Quality turn the dirt Wednesday at the scene of propane gas leaks at Gulfview Elementary School. A strong odor of leaking propane Tuesday forced the evacuation of about 715 students and faculty from the campus at Lakeshore and Lower Bay Roads. The school is expected to reopen Monday. Stennis testing runways

BY ED LEPOMA

Is Stennis International Airport in the running for a major cargo terminal?

The rumor has been floating around for more than a year now, and Bill Stovall, Deputy Port and Harbor Commission Director, has often revealed that he has talked with several major carriers.

But, testing that got underway at the airport this week might be a strong hint that something big is coming soon to Hancock County's airstrip off

Hwy. 603.

At a Port and Harbor meeting Monday, Stovall said the airport would be closed temporarily Tuesday for runway soil borings that will determine what weight limits the main runway can take "on a continuing basis." Stovall did not elaborate.

Just recently, Dunn Road-builders of Laurel started paving all taxiways and the landing apron. An automated Weather Observation System and Precision Approach Path

Indicators have also been installed at a cost of \$150,000, and the airport is seeking \$2.5 million in funds from the Federal Aviation Administration next year to install an Instrument Landing System at Stennis.

The airport is also spending \$170,000 to upgrade its fuel farm operations, installing two elevated 12,000-gallon tanks, and Stovall said construction will be completed at the end of this month.

Road work bids opened

BY ED LEPOMA

Huey Stockstill Inc. of Pica-yune was the apparent low bidder Monday on 126 miles of road paving and improvements planned to get underway soon throughout Hancock County.

The Board of Supervisors met briefly to accept the bids, and received six bids, which they took under advisement.

The work is divided into two phases, and only Stockstill and another company bid on the entire package.

Stockstill's bid was \$3.98

million, and engineering estimates for the overall work came in at \$4.1 million.

The road work is being financed by a \$5 million bond issue authorized by supervisors last year, and county engineer Larry Seal will be paid \$350,000 for designing and monitoring the road improvements. At their last meeting, supervisors approved a payment of \$74,000 for work Seal has done so far.

In other developments, supervisors voted to hire Tommy

Moran as the county's full-time road superintendent. Moran had been serving as interim chief after supervisors voted to dismiss Dewey Bobinger last July. Moran will be paid \$40,000 a year.

On the recommendation of Board President Philip Moran, supervisors also agreed to hire Roger Ladner as assistant road chief. He will be paid a salary of \$26,000 a year, and will have use of a county truck.

Drug testing to be discussed

BY B.R. HAWKINS

Hancock High School Athletic Program will host an open house Monday, Aug. 17 beginning at 6 p.m. in the high school cafeteria.

Athlete Director Rocky Gaudin will introduce the coaching staff in all sports areas for grades seven through 12. A major focus of the meeting, Gaudin said, will be a discussion of the implementation of Hancock High School's drug testing program.

"Parents and/or guardians of students wishing to participate in any extra-curricular activities sponsored by Hancock High School that are under the supervision of the Mississippi High School Activities Association must sign a parental consent form in the presence of a high school official," Gaudin said. "Students who do not have a signed and verified consent form will be restricted from participation in practices, rehearsals, or performances of any kind until a consent form has been received by the school."

Gaudin said this was an excellent opportunity for parents to come by the campus and meet the coaches and sign the forms.

"We will be able to answer any questions they might have regarding the program," Gaudin said.

Middle school bid awarded

BY B.R. HAWKINS

GM&R Contractors of Waveland was awarded a \$7,647,150 million contract for construction of the 106,938 sq. ft. Bay-Waveland Middle School during Monday night's regularly scheduled meeting.

GM&R was the successful bidder out of a pool of three bidders. Initially, bids for the project were opened in May, but school board members voted to make adjustments to the site plan in hopes of coming

closer to their budget estimates.

Revisions to the site plan, which now situates the building facing Pine Street to the northeast of Bay High School, brought the estimated cost down to a level that was more in keeping with the board's overall plan.

"Actually the revisions not only saved the board some money, but in the long run will give the district a more flexible and useable facility," said project architect Chet Allred, of Slaughter/Allred/McNabb P.A. of Pascagoula.

Construction on the facility, Allred said, is scheduled to begin by the end of the month with a completion date scheduled for December of 1999.

In other matters, the board approved distribution of a handbook that defines authentic assessment for parents. The

Gas leak forces school closing at Gulfview

BY ED LEPOMA

Gulfview Elementary School on Lakeshore Road will likely reopen Monday if propane leaks are repaired by then.

The odor of propane gas around midday Tuesday forced the evacuation of about 715 students and the faculty as a precaution. The school teaches kindergarten through sixth-grade students.

On Wednesday, an emergency services unit dispatched by the state Department of Environmental Quality was working on the scene, covering up the "hot spots" where propane leaks had been found in distribution lines.

DEQ immediately responded to the emergency and dis-

patched Richard Ball from an assignment in McComb. Ball, an environmental scientist with DEQ, said by Wednesday morning the entire campus at Lakeshore and Lower Bay Roads was probed and tested for propane to determine where it has leaked and if it is trapped in spaces in the soil or in sewer lines.

"It looks a lot better today," said Ball. "We actually only found about three 'hot spots'." He said crews were on site turning over the dirt to let the soil air out.

"Once the propane gets into the air, it's virtually harmless," said Ball.

Rafter work

Workers from Clark Construction Co., place rafters for one of several covered shelters to be placed on the Ullman Street Pier. Work on the project, which began in January, has been slowed because of difficulties in placing concrete pilings. There is approximately 300 additional feet of pilings to be placed in this phase of the project. Phase Two will consist of an additional 500 feet of pier. (Echo staff photo by B.R. Hawkins)

Enforcement of beach parking ban nets two on possession

BY ED LEPOMA

A Waveland patrolman enforcing the "no parking ban" on the beach is being credited with the arrest of two Colorado men on felony drug possession charges.

Shane Corr, director of Hancock County's Narcotics Task Force, reported that around 7:06 p.m. Sunday, Waveland Police Sgt. C.J. Lick encountered an automobile parked on the beachside of Beach Boulevard at Waveland Avenue.

Corr said Lick approached the two men in the car and advised them that no parking was permitted on the beach.

"In the course of the investigation, Lick noticed a strong smell of marijuana coming

from the vehicle and from the individuals," said Corr.

Sgt. Lick brought in Arno, the canine, to further investigate, and Corr said more than two ounces of marijuana were recovered.

The two men were taken into custody and transported to Hancock County jail where they are each charged with one count of possession of a controlled substance (marijuana) and are being held in lieu of \$2,500 bond each.

The arrested were identified as Peter David Fox and Eric Michael Ford, both 19 and both from Golden, Colo., Corr said.

An investigation is continuing and is being conducted by NTF agent Jeff Hair.

American Legion Post 139 greatly appreciated

Over the past several years I have been involved with the organization and coaching of baseball for the older teens of our community.

This program is designed for the true baseball advocate who wants to develop skills and truly enjoys playing the game. Like many activities, the cost of equipment, umpires, travel and insurance can create quite a burden on one's ability to enjoy the game.

This past summer has been a great experience for a number of young men, parents and myself. The generosity of the members of American Legion Post 139 has allowed the program to be a great success.

I want to let each member know how much their support is appreciated by everyone involved in the program.

I also need to express a special thank you to Mr. Billy Taylor, who found the time to announce all of our home games for us.

Finally, let me close by saying that it was truly an honor to represent the members of Post 139. You are the greatest!

Many thanks,

Thoughts for meditation:
 Hope — that bubbling ingredient in life which is like carbonation in a drink; giving it zest, keeping it in motion, always pushing it up.

—De Pree

O Lord, You alone are my hope.

Psalm 71:5

When a person is at his wits' end it is not a cowardly thing to pray. It is only the way to get in touch with reality.

—Oswald Chambers

Lord, I often run here and there seeking help and comfort. Please give me the wisdom and courage to stop running and come to you in prayer. Amen. Wisdom is a divine endowment and not a human acquisition.

If any of you lacks wisdom, he should ask God who gives generously to all without finding fault, and it will be given to him.

Poetry calendar

Joyce Hammer Magnon holds her "Poetically Speaking" calendar which she created and had copyrighted.

Poetry calendar has a poem for every month

BY BETSY GAGNET

When Joyce Hammer Magnon was unable to remember a certain poem she had once known by heart about the month of October, she decided to write her own.

Eleven poems later, she realized she had a calendar, and "Poetically Speaking" was born.

The calendar, which has a poetry copyright, is the second literary undertaking for Magnon, who lives in Bay St. Louis. She also wrote and copyrighted "Poetically Speaking, A collection of Poems, Vol. 1," a 32-page paperback book which was published last year.

"I've always liked poetry," said Magnon. "(I) enjoy the rhythm of it."

She had the calendars made mainly to give in appreciation to those people who bought her book, said Magnon. Now she is hoping to get someone interested in the calendar who may want to use it for their advertising.

Every month has a corresponding poem, and Magnon said the poetry could be used from year to year.

"I'm hoping someone will realize that you could use more than just a picture on a calendar," said Magnon.

Four saved in Bay St. Louis

A 20-foot shrimp boat's net was snagged and pulled the boat under, sending the four crewmembers into the water Friday night one mile south of the CSX Bay St. Louis railroad bridge.

Crews from Coast Guard Air Station New Orleans and Coast Guard Station Gulfport rescued them.

Crew member Rebecca Knight called a friend, Drew Bordinay, of Picayune, before they went into the 86-degree water. Bordinay called Bay St.

Louis Police, then the call went to the Coast Guard.

Coast Guard Air Station New Orleans' HH-65 helicopter crew located the shrimpers and their boat and directed Coast Guard Station Gulfport's 22-foot Boston Whaler crew.

Hernest Odom, Sue Gordon, George Knight and Rebecca Knight, all from Picayune, were rescued without injuries.

The owner, Odom, planned to attempt to salvage his boat Saturday.

Man falls off sailboat, rescued by Good Samaritan

A Yankeetown, Fla. resident was rescued west of Gulfport by a Good Samaritan Aug. 11 after falling off a sailboat.

Theodore Hunt, 40, was aboard the sailing vessel Cutless with two friends, when he slipped and fell overboard sometime between 3 and 6 a.m.

One of the other sailors went on deck at 6 a.m., didn't see Hunt, and called Coast Guard Station Gulfport to report him overboard. A 41-foot rescue boat crew from the station and an HH-65 Dolphin helicopter crew

from Air Station New Orleans were immediately dispatched to Bay St. Louis.

A Good Samaritan in the area located Hunt six miles from Cutless and pulled him from the water. The Good Samaritan vessel then rendezvoused with the Coast Guard boat and transferred Hunt aboard.

The Coast Guard crew then took Hunt back to Cutless. Hunt wasn't injured in the accident or wearing a personal flotation device at the time.

The crew of Cutless told the Coast Guard they were sailing to Mobile from Bay St. Louis when the accident happened.

Man drowns

A Hattiesburg man tendings crab traps apparently fell out of his boat and drowned, according to Hancock County Coroner Norma Stiglet.

She pronounced Thomas Ross, 69, dead about 4:25 p.m. Saturday, about half an hour after the Sheriff's Department received a call about a possible drowning.

Ross lived in a summer home off Hollywood Drive in Bay St. Louis, and Stiglet said the accident might have occurred as early as Friday.

Diamondhead Cub Scout Pack seeks Scouts, adult leaders

Diamondhead Cub Scouts Pack 20 will be registering Cub Scouts and adult leaders Tuesday, Aug. 25 at the Diamondhead Community Center, 5:30-7:30 p.m.

All boys and parents interested in participating in the 1998-99 session by becoming scouts, adult leaders or the pack Cubmaster are invited to attend.

Boys can become Tiger Cubs (first grade) Bobcat/Wolf Cubs (second grade), Bear Cubs (third grade), and Webelos (fourth grade).

Last year, under the sponsorship of the Rotary Club of Diamondhead, the pack participated in many fun activities, as well as performing service projects for the community.

Scouts were able to attend a field trip to the Global Wildlife Center in Folsom, La.; a sleepover at the USS Alabama in Mobile; and numerous campouts.

As a part of their community service projects they collected aluminum cans to benefit Hope Haven and canned good items to benefit the Hancock County Food Pantry.

The highpoint of each year is the Blue and Gold Banquet and the Pinewood Derby.

This will be the only registration for 1998-99, so make plans to attend. Registration fees will be collected at this time, and everyone is asked to pay by check.

"CUEVAS" QUOTES

By Ellis C. Cuevas

I was in conversation with a Felicity Street resident on Tuesday morning, who was very upset with several motorists in the North Bay Elementary school zone.

Since school has opened, she said, while driving in the area she observed several motorists not observing the school zone speed limits.

On the first day of school things appeared to go well, because there were two police vehicles in the area.

On another trip, she and a motorist behind her were observing the speed limit, and at the same time were passed by a third vehicle right in front of the school. She concluded the person may have been going to work and was probably running late.

Another time she could not believe the speed of a passing vehicle in the school zone. She said it was well above the regular speed limits in the Bay.

I spoke to Bay Police Chief Frank McNeil on Wednesday, and he said, "We are paying particular attention in our school zones with speeders in mind, as well as seatbelt violations for children under the age of 8."

"The law says these children must be seated in. Over 60 of our citizens were given warnings on Friday, August 7, on child seatbelt violations, the opening day of school. This morning (Wednesday) officers did another check, and another 58 warnings were given out," McNeil added.

The Chief continued, "At some point, repeated violators will be issued citations, according to the new seatbelt law for children, which went into effect July 1 of this year."

McNeil indicated his officers were working to make the city's school zone as safe as possible for our community's children.

I know from experience, when someone is given a citation for speeding in a school zone, the first thing they do is "cry police harassment" or "entrapment."

If it takes police "hiding behind a tree" to make our school zones safe for our children, I feel it needs to be done.

State Trooper Houston Dorr of Diamondhead, who has been a world champion kickboxer since 1994, dropped by the office Wednesday to tell us that he is hanging up the gloves.

Over the years we have run several articles about Dorr's exploits in the ring, and in a way are sorry to hear that he is retiring from kickboxing. One thing is for sure, we all have to realize that we are getting up in age, and that is a reality.

To give you an idea, Dorr said his last opponent was half his age, so he is really using good thinking in giving more time to his regular job and family.

Dorr's record as a Heavyweight and Superweight kickboxer is 18-1 with 18 knockouts. He also had a 58-2 record as a regular boxer and a no rules fighter.

Dorr said he had been fighting since 1977, as he started in Marine Corps.

I would like to personally congratulate Houston on his record in the ring. I am sure he will have great stories to tell about his exploits as a kickboxer and prize fighter.

As many of you know, Jitney Jungle is promoting a Gold Card Community Gift Program through Saturday October 3.

Aileen Sauzer, president of the Hancock County Food Pantry, submitted her organization for consideration in the Jitney Gold Card Community Gift Program, and the Food Pantry has been enrolled and accepted in the program.

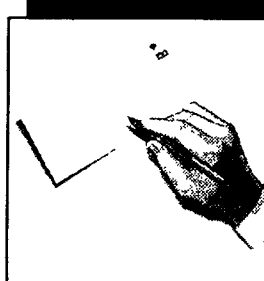

Last week Sauzer provided us with a number for the Food Pantry to be submitted, but the number she was given had an extra digit in it, so I am told the correct number (EAN) for the Food Pantry is 99876503063.

Customers only have to give the number one time with their Gold Cards at Jitney, Sauzer reports. Jitney will keep a running total of purchases by participating members and will give the Jitney Jungle Charitable Foundation 2% of the purchases accumulated by those who designate the pantry as their charity over the eight-week period, Sauzer said.

LETTERS TO THE EDITOR

Waveland resident praises many for helping couple in need

To the Editor:

I am so used to reading sad cases where children are taken away from poor parents. What a joy to read of a State Trooper, our local Sheriff and churches helping a couple in need.

If the Santoyas wish to continue

homeward, perhaps an account could be opened whereby donations can be made towards their fare or a used vehicle of some kind.

Sincerely,
Edith T. Grant

Name is the same, but not the person in court news

Dear Editor:

I'm writing this letter to clear my name. In your Sunday edition dated Aug. 9, listed under the Waveland Municipal Court Docket, a Sandra Price was charged with a DUI offense, reckless driving and failure to appear.

The Sandra Price listed is not the same Sandra "Sputnik" Price whose current address is 408 Sycamore Street, Bay St.

Louis and presently employed with the State of Mississippi, Department of Human Services.

I never felt it necessary to air dirty laundry as this paper does, but the reader needs to continue to read it, because the reputation that should be cleared may be your own.

Sincerely,
Sandra "Sputnik" Price

It took community support to make Family Clinic a reality

Dear Editor:

In Matthew 7:7 is written, "Ask, and you will receive; seek, and you will find; knock, and the door will be open to you."

This prophet statement is perfect for the happiness I feel at the re-opening of the Coastal Family Clinic for the sick and needy citizens of Hancock County.

Over the past several years many people have been involved in this endeavor.

They advised, they found resources, they were involved in grant writing, they wrote letters of support, they designed, and they did whatever was necessary to accomplish the goal of reopening the clinic.

I must personally acknowledge so many people, because over the past few years I have made a nuisance of myself — prodding, pushing, agitating and just being in the faces of these people who helped the project succeed.

Thanks to our mayors and city officials of Bay St. Louis and Waveland, Hancock

County Supervisors and county clerks. I would be remiss if I didn't acknowledge them and our congressmen, our Hancock County Vo-Tech personnel, draftsmen, a few architects and contractors who are experts in their field, grant writers, hospital administrators, executive directors and directors of several county agencies, journalists and the laity who wrote so many letters of support.

It takes a community of well-meaning citizens to unite to accomplish a task. No one person can achieve such a monumental goal alone. With good common sense, trust in the Lord and a positive vision, all things are possible.

Again, I must let you know how grateful I am. Aren't you? If so, please put the \$1 in the Guardian Angel Account that has been established several years ago at Hancock Bank. This will provide continuing support of our clinic.

Writer says septic tank keeps her from being foster parent

To the Editor:

It pains me to see desperate pleas in the Echo for foster parents in Hancock County.

I have applied over three years ago. I've gone to classes, written our life's story, passed the income test and background check.

But, because I, like so many county residents, have a septic tank system, we're disqualified. Let's for a moment overlook the fact that I do, in fact, have a foster child now, who is also a relation.

The point is, I did go to Hope Haven, pick her up, and have had her over 15 months.

In her 15 months here, her grades went from C-D-F to lows of 93. She graduated with awards in English and science even though I still have a septic tank.

In the 15 months she's been

here, I may have received \$400 total for her care. Maybe that's the problem?

I've been under the impression that foster parenting was focused on nurturing children that had been ill cared for. What has this to do with my septic system?

My yard is fenced, my home professionally cleaned weekly. Our church family and network of friends are strong factors in our lives. Isn't that what it's all about?

Could it be that the offers do come in, but the bureaucratic red tape and hassles are literally hurting our children?

I doubt this letter makes front page, and I'm probably the exception to the rule, but that has been my life story. Reply, anyone?

—The Waveland Board of Aldermen, on the same night that members made a decision to meet other entities about the county's only animal shelter, has created its own animal commission. The board, originally expected to take some action regarding a deadline for the withdrawal, adopted the ordinance Tuesday night by unanimous vote. The aldermen had decided last month to ask Bay St. Louis and Hancock County to give up their stake in the animal shelter they share with Waveland. Mayor John Longo Jr., had made the recommendation based on the size of the shelter, which he contends is too small to fill the current needs of all three entities and lacks room for expansion.

—The Hancock County Board of Supervisors are to meet Thursday with the Pearl River Board of Supervisors to discuss a joint solution in the county's landfill problems.

—Bay City R.R. Depot Will Be of Spanish Outstanding Type. A new L & N railroad station for Bay St. Louis has been authorized by the head office at Louisville, Owen Crawford of the local L & N force announced this week. Just the time when contract for the station is to be let is not known at the Bay office, but Mr. Crawford states that he believes that before a month has passed the contract will have been let and work ready to begin. The plans for the station calls for a building 125 feet long by 30 feet wide, to be placed lengthwise parallel to the railroad tracks and to be set further back from the tracks than the former station which was destroyed by fire, and to be placed some distance eastward of the former station. The building will be two stories in height, the upper story being arranged to house the offices formerly in the old depot, namely, the account's office for the Mobile-New Orleans office, the road master's office, the assistant engineers office, and the signal department headquarters for the division.

Hancock County artist awarded foundation grant

Hancock County artist Joseph Anthony Pearson has achieved a major milestone in the life of a professional artist.

Pearson was recently awarded a grant through the prestigious Pollock-Krasner Foundation Inc. of New York.

The foundation was founded by prominent abstract expressionist painter Lee Krasner in honor of her husband, the equally prominent abstract expressionist painter Jackson Pollock.

Both artists gained worldwide fame during the heyday of abstract art.

The foundation awards grants to artists internationally with the sole criteria based on established quality of work and financial need.

The work of artists selected for awards exemplified the highest quality. Pearson has reached a major mark in establishing himself as a world class talent in this most competitive field. Pearson will use the grant to further his development as a world class artist.

Joseph Pearson has the honor and distinction of being the second Mississippian to be so honored by this foundation.

Pearson biography

Pearson's poignant realism touches the soul as it responds to the need to capture the spirit of his subject. Through oils, charcoal and pencil he creates works that are pregnant with emotional impact and narrative content. The major influences on his efforts includes such grand old masters as Rembrandt and Vermeer and contemporary masters Edward Hopper, Kathe Kollwitz and his mentor and former teacher, Hughie Lee-Smith.

Pearson's palette is dominated by middle values reminiscent of his mentor, giving his work a poetic, pensive quality. His professional goal is to keep quality and integrity in his art. Presently, his focus is on portraying for posterity people and subjects from this community.

Pearson is an associate member of Oil Painters of America, a national professional organization.

Pearson's work has been featured in numerous solo and group exhibitions throughout the South and Southwest, including The African American Museum, Dallas, Texas; the International Arts Festival, Lafayette, La.; the Arts and Science Center, Pine Bluff, Ark.;

the Lauren Rogers Museum, Laurel, Miss.; and Gallery 84, New York City, N.Y. and many others.

He has completed private and corporate portrait commissions to include Col. (ret.) Lawrence Roberts, one of the original famed Tuskegee Airmen.

This piece is in the permanent collection of the George E. Ohr Arts and Cultural Center, Biloxi, and the portrait of the president of I-WAY NET Inc.,

New Orleans. Other collections include Dr. and Mrs. James Edwards, former president of William Carey College, the Secretary of State's Office, Jackson, and many others.

He recently completed a public mural featuring the art of internationally acclaimed Bay St. Louis sculptor, Richmond Barthe. The work can be seen at the corner of Main and Second streets in downtown historic Bay St. Louis.

SWAT/Special Operations warns of false phone solicitations

Detective Mike Bryd, a member of the Hancock County Metro SWAT/Special Operations Divisions, has asked area residents to be aware of false phone solicitations on behalf of the unit.

"It was brought to my attention that some individuals are misrepresenting themselves as members of the unit and are soliciting money by phone for bullet-resistant vests and/or other equipment," Bryd said in a statement.

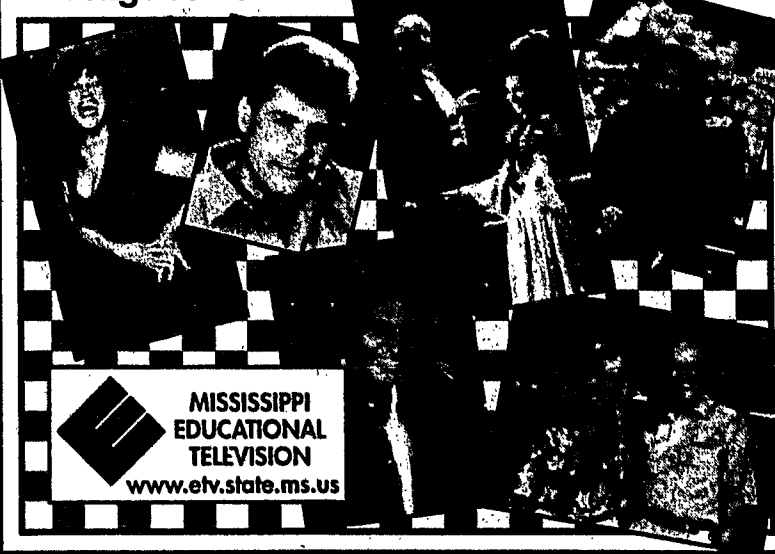

Bryd said that no members of the unit is allowed to solicit without authorization from the team commander, Hancock County Deputy Sheriff Capt. Matt Karl.

Bryd said the unit does accept donations and also sponsors several fund raisers throughout the year, however, the unit does not solicit donations by phone.

"If we ever have to solicit donations, we will do it in person and identify ourselves as bona-fide police officers by showing the proper credentials," Bryd said. "If citizens are approached for donations by members of the unit, they can confirm their identity by calling the officer's respective department."

Waveland Civic's festival, kids rodeo, fireworks spectacular set

The Waveland Civic Association is a non-profit organization which sponsors many events throughout the year.

Some of the events WCA sponsors include the annual Christmas and St. Patrick's Day parades on Coleman Avenue, the Muscular Dystrophy telethon and the Labor Day fireworks spectacular at the Garfield Ladner Pier on the beach at Coleman Avenue.

In addition to the Labor Day fireworks spectacular, the WCA will sponsor its third annual Children's Fishing Rodeo and Festival Saturday, Sept. 5 and Sunday, Sept. 6.

The event will take place at

the Coleman Avenue soccer field at the corner of Coleman and Central avenues in Waveland.

The rodeo will begin Saturday, Sept. 5, 6 a.m.-6 p.m. and Sunday, Sept. 6, 6 a.m.-5 p.m.

The fishing rodeo is free for children ages 5-16. Children and their parents must sign an entry/release form before they fish.

A form can be picked up at the registration tent located on the festival grounds on Coleman Ave.

The Garfield Ladner Pier will be open free of charge for children who enter the fishing rodeo.

Trophies and prizes will be

awarded, and a king and queen fisherman will be selected.

A special category is added this year for those who catch their fish from the Garfield Ladner Pier. First, second and third places will be awarded in each category. All children who enter will be eligible to win one of more than 400 prizes.

The Hancock County Bass Masters Club will again sponsor the Kids' Fishing Pole Casting Competition. The casting competition will also be held both days of the fishing rodeo/festival.

Saturday, the competition will be at 11 a.m.-2 p.m. and 4-7

p.m., and on Sunday at 11 a.m.-2 p.m. and 3-6 p.m.

Prizes will be awarded in two age groups. Winners will advance to higher competition and have a chance to win cash prizes and scholarships.

The festival will begin at 12 p.m.-10 p.m. on Saturday and Sunday. There will be hamburgers, hot dogs, nachos and other foods.

There will also be snowballs and drinks. In addition to food and drink, there will be many game booths for old and young alike, as well as prize raffles.

There will be a spacewalk, dunking booth, arts and crafts booths, plants and lawn statues. Anyone interested in setting up an arts and crafts booth may purchase a spot for \$50 for the entire weekend.

The grand finale will be the ever-popular fireworks spectacular Sunday, Sept. 6 at 8:30 p.m. at the Garfield Ladner Pier on the beach at Coleman Avenue.

For information on entering the Children's Fishing Rodeo, obtaining booth space for arts and crafts or anyone interested in offering some free entertainment to the festival, such as dance groups, singers, bands, etc., call Jay Fountain at 467-2198 or Shorty Necaise at 467-7717.

Jay Fountain, chairman of the rodeo/festival, invites everyone to come out and have a good time.

Suspects interviewed in cases

BY B. R. HAWKINS

For four suspects arrested by the Hancock County Sheriff Department an expired tag was just the beginning of their problems Monday morning, August 10.

According to Capt. George Burleson of the Sheriff's Department, Deputy Mike Delacruz stopped a 1985 Honda Accord with an expired tag at approximately 6 a.m. coming from a fast food restaurant on Hwy. 90.

Burleson said Delacruz became suspicious when he noticed unusual dust marks on the driver's shirt. He called for backup after learning the car did not belong to the driver.

Officers searched the vehicle and found an in-dash radio with cut wires and a black bag containing numerous burglary tools. Officers arrested Earl Gene Coster, 17, of Pass Christian who is charged as an adult, Shannon Ray Harris, 19, of Gulfport, and Walter Edward

Lonnberg, 18, and Michael Earl Shamblin, 19, both of Bay St. Louis, and charged the four with possession of burglary tools.

Burleson said once at the Sheriff's Department, the men were questioned separately, and statements implicated the four in burglaries in Waveland, Long Beach and Gulfport.

Officers from the various municipalities have interviewed the suspects. Additional charges, at the time of publication, were pending.

Stubbs and Guyton were charged with four counts of

burglary of a business in Waveland and additional charges of burglary are being filed by the Sheriff's Department. Both suspects, according to Burleson, were on probation from a previous arrest for burglary in Kiln and are being held without bond.

Stolen car recovered, suspect jailed

BY B. R. HAWKINS

approximately 7 a.m.

Deputy Bruce Procopus found the car and Hampton around 8:30 a.m. Damage to the car was estimated at approximately \$1,500.

Whittington wins over Angellette in sprint

Rickey Brewer of Baker, La. shared the front row with Lane Whittington of Denham Springs, La. for the start of the "Winged" Outlaw Cajun Sprint feature race Saturday night at Sun Coast Speedway in Pass Christian.

Whittington blasted down the front straight and into the lead on his way to a green to checkers win. There were very few cautions which enabled the leaders to catch lap traffic, making for some interesting racing between the leaders.

Michael Dupuy of Amite worked his way from a fifth row starting spot as far forward as third before mechanical problems caused him to pit for the night. Kelly Angellette of Thibodaux managed to move past Brewer into the second spot where he was able to apply pressure on Whittington for the lead.

Local driver Bruce Blaker also managed to get into the thick of things as he also moved past Brewer to take over the third spot. With few cautions, lap traffic played a big part in the race.

Whittington managed to

make the right moves to avoid getting caught up in lap traffic and was able to maintain the lead.

Whittington came out of turn four on his way to the checkers with Angellette making a desperate attempt to move past.

The finish was so close, both drivers stopped at the flag stand to await the official result on the winner.

Whittington, by inches was the decision with Blaker finishing third over Brewer. Angelette congratulated Whittington on the win and accepted the second place finish. Scott Wimberly of Laurel rounded out the top five. Whittington, Dupuy and Brewer all won earlier heat races.

Rodney Barber made it two in a row as he went for a flag-to-flag win in the Street Stock feature. He also claimed one of the earlier heat race wins along with Noah Daspit. Phillip Hunnicut held off another former winner, Steve Marsh, to claim the second spot behind Barber.

Rodney Bruce added another Pro Stock win to his list after taking the lead on the green flag lap and never looking back on

his way to the finish line. Heat winner Chet Morrison had little trouble hanging on to the second spot, but was unable to seriously challenge Bruce for the lead.

Ray Broadus had one of his better nights as he held off Mitchell Williams to finish in the third position.

Chris Moran also made it two in a row by going flat-to-flag in the IMCA feature. Heat winner Ron Tubbs, for the second week in a row, made contact with Morgan causing race-ending problems and a trip to the pits. Kalif Seller and Chuckie Smith chased Moran to the checkers.

Rickey Hankins pulled off another win in the Late Model feature race but with more difficulty than normal as Keith Miller was able to mount a serious challenge for the lead on a couple of occasions. Miller eventually settled into second where he was able to hold off Jeff Cooper and heat winner Campy Holley.

Local driver Brett LaCoste brought out his brand new race car for its maiden night of racing. Although LaCoste appeared to be going through a feeling-

out process, he was able to serve notice he would be a force to be reckoned with in the near future.

Joey Pilgrim had a perfect night in the Rookie class, winning both heat and feature races. Jeremy Eaton and Jamie Moran finished second and third in the feature race.

Next Saturday night will be the "Pepsi Thunder" special event with added prize money in all classes.

Safety seminar

Life preserving techniques were the key elements presented at the annual Mississippi Farm Bureau Safety Seminar attended by Hancock County students, Casey Tolar, left, and Blake Bilbo. The three-day safety program offered classes on water and hunting safety, first aid and CPR. This was the 28th consecutive year for the Farm Bureau-sponsored event. The 1998 program at Roosevelt State Park was attended by 57 high school students. Tolar attended the program as a junior counselor, returning from the 1997 seminar.

Feds deny late duck hunting

Mississippi duck hunters received word earlier this week that the U.S. Fish and Wildlife Service has denied extending the upcoming waterfowl season closing date until Jan. 1, according to the Department of Wildlife, Fisheries and Parks.

The final waterfowl season dates and bag limits should be decided in early September.

"In making its decision, the service has relied on an array of mis-information," DWFP Executive Director Dr. Sam Polles said Friday.

"It is unfortunate that a natural resource issue has become mired in U.S. Fish and Wildlife Service politics, but that is exactly what has happened. What I want Mississippi duck hunters to know is that we followed the process, and we were deceived," Polles said.

Polles said that within the last several years, the Service has become entrenched in the processes used by individual flyways across America to make recommendations on upcoming season dates and bag limits. "This has become outright

meddling by the Service and has caused in-fighting among the states and flyways," Polles said.

"Anyone who has attended Mississippi Flyway Council meetings knows there is no biological evidence for not extending the close of duck season to the end of January for the Southern states that requested it," Polles said.

"In an effort to ensure that these states would not be granted their request, the Fish and Wildlife Service fomented opposition in other states and flyways to the season extension."

Polles said he and other agency directors are committed to protecting the North American waterfowl resource, while providing as much opportunity as feasible to sportsmen and women across North America.

Polles said he, along with Charles Kelly of Alabama and Jimmy Jenkins of Louisiana, is dedicated to continuing this struggle to get an extended hunting season closing date for the duck hunters of the Southern states.

Ronnie Milsap to appear at Magic

Casino Magic Bay St. Louis will feature country/pop artist Ronnie Milsap in concert Aug. 20, 7 and 9 p.m. in the Magic Entertainment Complex.

In 1974, *Record World* tapped Ronnie Milsap as its "Most Promising Male Artist," and *Music City News* called him "Most Promising Artist of the Year."

Forty No. 1 hits, six Grammy awards and a slew of other awards and honors are evidence of Milsap's popularity and artistry. This North Carolina native has made an incredible impact on country music, and the 10 newly-recorded songs on *Ronnie Sings His Best Hits For Capitol Records* shows why.

Blind since birth due to congenital cataracts, Milsap discovered a connection to music while attending North Carolina State School for the Blind. The bluegrass music of Flatt and Scruggs, the plaintive wails of Hank Williams and Lefty Frizzell and the cadence of classical masters Bach and Mozart all spoke to him. He learned to play piano, guitar, clarinet, violin and cello and developed his innate talents as a vocalist.

Milsap began performing professionally in the 1960s, and scored a top-five rhythm and blues hit, "Never Had It So Good" on New York's legendary Scepter label.

In 1968, his talents caught the ear of Elvis Presley, who brought the young musician in on keyboards for a number of recordings, including the hit,

"Kentucky Rain."

Milsap became musically rooted to Memphis and Nashville, and by 1970 was already building a sturdy country music career.

"It Was Almost Like A Song," became a million-selling single in 1976, spearheading the Country/Pop crossover movement of the late 70s and early 80s.

"I'm a Stand By My Woman Man" won a Grammy that same year, and "Stranger In My House" won in 1983. Milsap has won virtually every award a performer could hope for: the Country Music Association's Entertainer of the Year Award and Male Vocalist of the Year ('74, '76, '77), CMA's Album of the Year ('76, '77, '78 and '86), the Academy of Country Music voted Milsap Best Male Vocalist in 1983, and he won Song of the Year in 1986 for "Lost In The Fifties Tonight."

He's also the recipient of the only gold Braille album ever awarded.

Ronnie Sings His Best Hits For Capitol Records includes those songs, plus "Daydreams About Night Things," "Pure Love," "Smoky Mountain Rain," "There's No Gettin' Over Me" and more.

Concert tickets are on sale now for \$20, \$25 and \$30 at Casino Magic's Gift Shop and all Ticketmaster locations.

For information, call 1-800-5-MAGIC-5. Must be at least 21 years of age to attend a concert at Casino Magic.

Discovery Camp

Cecile Keatley of Bay St. Louis helps students with their activities at Camp Versailles held at Lynn Meadows Discovery Center.

Camp Versailles at Lynn Meadows Discovery Center

For children attending Camp Versailles at the Lynn Meadows Discovery Center, the excitement never ended. Designed to coincide with the Splendors of Versailles exhibit in Jackson, the camp provided children the opportunity to experience French culture.

Children designed costumes, created a French garden, sculpted a Renaissance work of art and even danced the minuet at the fabulous Ball a la Francais.

"Creating a French garden was my favorite activity at this camp," says Tricia Tolson, 9, from Long Beach. "I had fun learning to make a puzzle, too."

Cecile Keatley of Bay St. Louis is uniquely qualified as the camp instructor. Keatley is from Paris and has worked in the children's section of the Musee Du Louvre in Paris.

"Seeing Versailles through the eyes of the children of south Mississippi," says Keatley, "was very heartwarming and gratifying. They thoroughly enjoyed their imaginary trip to France."

The Discovery Center features six indoors hands-on exhibits, a museum shop, a science lab and artist studio. Outdoor exhibits include a navy submarine, a treehouse village, an organic garden and a performing pavilion.

As a community and statewide project, the Discovery Center strives to offer young people opportunities to learn through discovery and without a fear of failure. Every aspect of the center, indoors and out, is designed

WAMA to host open house

The Walter Anderson Museum of Art is hosting an Education Open House Tuesday, Aug. 18 at 5 p.m. for educators and interested public.

Those interested in attending should call Marshall Adams or Bette Clout at (228) 872-3164.

Library announces winners

Winners were announced in WLOX's TV-13 O.G. Readmore program from the three branches of the Hancock County Library System.

The program promotes reading for children during the summer months, and a drawing is held at each library across the Mississippi Gulf Coast.

From the Bay St. Louis-Hancock County Library, the winners are Brittany Smith, Tyler Clemons and Harold Cann.

Sarah Curry, Johnny Longo and Cali Longo are winners at the Waveland Library Literacy Center.

At the Kiln Library, the winners are Deven Deschamps, Brooke Ladner and Michael Hill.

All winners will receive an O. G. Readmore T-shirt.

For information, contact David Woodburn at the Bay St. Louis Library, 467-5282; Evelyn Necaise, Waveland Library, 467-9240; or Sandra Ladner, Kiln Library, 255-1724.

handbook is in answer to requests from parents for more information about how to translate a child's work under authentic assessment or portfolio evaluation to that of an 'A,B,C' grading scale.

The Board voted in July to have the superintendent's office make recommendations by Monday, August 10, on a handbook or guide for parents and how to implement an optional structure that would translate the teacher's assessment of a student's work into an 'A, B, C' grading system for those parents who might want to see grades.

Board members Bryon Griffith of Waveland and Barbara Boston of Bay St. Louis, who had lead the discussion in favor of some sort of grading translator, were assured by board staff that the cover letter to be sent to parents along with the handbook would sufficient instruct parents how to translate the portfolio assessment into a graded evaluation.

Also, the Board approved an audit procedure to amend the 1997-98 fiscal budget. The amended budget, Superintendent Mike Reed explained, reflects adjustments and com-

pliance measures necessary to close out the fiscal year's books.

The board ratified actions taken in three telephone polls. Ratified were actions taken regarding repairs of a roof and a gas leak at Bay High School and acceptance of a bid from J. H. Haynes Electric Company in the amount of \$92,320 to replace wooden stadium poles with concrete poles.

Additionally, the board approved maintenance contracts with Simplex Time and Recorder Company and Liquid Chem of Gulfport.

The board approved a request from Dr. Sherry Ponder,

the district's Special Education Coordinator, to enter into contracts with Lake Consulting of Bay St. Louis; Total Rehab Plus of Diamondhead; Vicki Stadal of Bay St. Louis; Glenn Dabbs of Montgomery Ala.; Coastal Therapy Services of Bay St. Louis; Nancy Sacherman of Pass Christian; Bay Area Family Counseling; Tim Mosley of Pass Christian; and the Pass Christian Public Schools Hearing Impaired Consortium.

The Board will meet again Monday, August 24 at 6:30 p.m. in the central office board room, 201 Carroll Ave.

Stovall also discussed briefly some flooding problems that have occurred on P&H property south of the recently completed T-hangers.

The Commission instructed Stovall to withhold final payment to Beacon Contractors until the problem is resolved.

In other developments, P&H Executive Director Hal Walters announced that there is approximately \$3.5 million of state incentive bond money left to be

spent in connection with the giant Wellman plastics plant under construction, and that is expected to be spent by the end of the year.

Commissioners also discussed briefly the operating costs of the new McDonald Training Center, recently opened at the Port Bienville Industrial Park.

The Port and Harbor's Wellman Project Manager Jerry Hemphill said the P&H will

bear the operating costs for a couple of months, then bill Wellman for reimbursement. He said Wellman is using the facility exclusively day and night to train workers for the new plant, which is expected to come on line by December 1.

Commissioners were also told that Hemphill will leave Wellman's payroll as project manager Sept. 1, and would be employed fulltime by P&H as the Park Industrial Manager.

His salary will be \$47,000 a year.

Stovall also got permission to hire Clifford George, a chemist from Mississippi State University to work with Calgon Industries at Port Bienville on that firm's plans for a recycling plant.

voted during the summer to implement the first drug testing program in Hancock County. It will involve scheduled and random testing of all students participating in extracurricular activities such as football, basketball, cheerleading, band, drama and debate.

Ladner, 42, is a resident of the White Cypress Community, a graduate of Hancock North Central High School and Pearl River Community College.

He has operated his own construction firm for 23 years,

pouring slabs, and building roads and ponds.

Supervisors also authorized the hiring of Ronald Welch to help get Hancock County's jail

He estimated cleanup crews might be finished by Wednesday afternoon. Ball said if propane is found outside the gas line, it will be flushed out.

Ball said the danger was that liquid propane becomes a heavy gas when it enters the pipeline, and if it bubbles to the surface and creates puddles, that could spark flash fires.

School officials said the evacuation went smoothly, but anxieties were heightened by

the explosion over the weekend at a Biloxi gas station. Some anxious parents came to pick up their children, and other children, whose parents could not be reached, were transported by bus to Hancock High School.

Ball said construction taking place at the campus did not trigger the emergency.

"These are old flow lines," said Ball. "They have been deteriorating for a number of years."

state-certified to hold prisoners. Welch's fee is not to exceed \$3,000.

They also authorized Brown and Mitchell architects of Gulfport to draw up an impact statement for filing with the U.S. Army Corps of Engineers.

Engineers want to know the impact proposed jetties at the Washington Street pier would have on beach erosion.

www.mdausa.orgGive her a shot to dribble on something other than your kitchen floor.
Make sure she gets her baby shots now.

Every child deserves the best opportunities life has to offer. Especially yours.

Of course, the odds of her playing pro basketball are a long shot. But the chances are more than 1 in 4 that your baby isn't protected against childhood diseases.

So, even if you're sure your child is up to date and on schedule with her baby shots, ask your doctor at every visit. It couldn't hurt.

In fact, it could give her a shot to be a star in any profession.

Even if you're sure, ask again.

This kid's got a record!

his grades.

Pablo knew in a couple of years he would be ready for college. He also knew it would be tough to afford. He even thought about dealing drugs to pay for it. Fortunately for Pablo, two community policing officers took him under their wing. They steered him to counselors and programs that could help him pay for college. Now the only record he'll have is his grades.
